

February 2021

After Hours Study

Since 2017 the college has implemented a before and after school study program supervised by volunteer teachers. After Hours Study is held in the college library at the following times:

Before School Study (8:00am – 8:45am):

Monday-Friday Week A and B	Supervisor:
	Mrs Rosalind Dunn (Teacher-Librarian)

After School Study (3:15pm-4:15pm):

Week A	Supervisor:	Week B	Supervisor:
Monday	Mrs Tracey Flack (Science)	Monday	Mrs Kathrine Baguley (Maths)
Wednesday	Mrs Kerri Hogan (Maths)	Wednesday	Mrs Patricia Armstrong (Maths)
		Thursday	Ms Gemma Hughes (English)

Students who attend are expected to work individually or in small groups on homework, assessment task preparation or study. The staff on duty will offer active supervision and assist students where possible in their specialist learning area. This is not, however, tutoring or a guarantee of one-on-one assistance. Please be aware that due to daily organisation and staff leave entitlements, staff member on any one day is subject to change.

Before any student can attend they must return a completed After Hours Study User Agreement (which can be found on our school website or picked up from the library). Please return the completed Agreement to Student Services.

We encourage our students to take full advantage of this opportunity.

Yours sincerely

Larry Keating
Principal
