

ST. MARY'S HIGH SCHOOL GATESHEAD

ANTI-BULLYING POLICY

(2016)

1. PREAMBLE

"We are made in the image and likeness of God." Genesis 1:27

Bullying is not acceptable. Bullying can impact on the capacity of children to achieve their God given potential. Bullying is not a normal part of growing up. Bullying can seriously harm a child physically, emotionally and psychologically.

At St. Mary's we are committed to promoting a safe environment where all community members may grow and develop. The modelling of positive behaviours and anti-bullying strategies at St. Mary's are vital aspects of students learning and parent reporting. We are committed to minimising risk of inappropriate behaviours becoming accepted, tolerated or even endemic through well-articulated, understood and implemented policies and procedures which are regularly reviewed.

2. DEFINITION

At St. Mary's we recognise that there is no definitive definition of bullying, however the most influential research of what constitutes bullying has been proposed by Olweus(1993):

"...bullying may be defined as a student being exposed, repeatedly over time, to intentional injury or discomfort inflicted by one or more other students. This may include physical contact, verbal assault, making obscene gestures or facial expressions, and intentionally excluding the student."

The *National Safe Schools Framework* (2011) defines bullying as repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons.

"...Bullying is thus conceived largely in behavioural terms, that is, involves negative actions on the part of the perpetrator."[Rigby(2006) from *Bullying Solutions* p.4]

At St. Mary's we recognise that cyber bullying is a significant area of concern and action. **Cyber bullying may be defined as:**

"...any form of bullying that utilises technology such as instant messaging, online chat rooms, online bulletin boards and email. In many ways this is a more insidious form of bullying since it may reach into a victim's home." In other words, technology now allows the bully to inflict psychological harm on his or her victim anywhere and anytime without respite. (Schools and the Law – Des Butler and Ben Matthews p.46)

The Commonwealth Code sets as an offence the use of a carriage service(such as a mobile phone or the internet) in a way that is menacing, harassing or offensive. The maximum penalty for committing the offence is 3 years imprisonment.

'Sexting' is an occurrence that may be considered bullying. Under present legislation perpetrators place themselves in the serious position of making, viewing and or sending inappropriate and unlawful material.

To reinforce our school mantra: *'Be safe. Be respectful. Be a learner'*, we will respond to all repeated incidents of inappropriate or unacceptable behaviour on an individual basis.

3. RATIONALE

"The effects of Bullying are enormously damaging to the physical and mental health of many children and that these effects can persist into adult years" (Ken Rigby, *Building Interventions in School*, 2010, pg. IX)

With this in mind bullying behaviour is in conflict with the core values and purpose of our school. In working towards an authentic Catholic school culture we acknowledge that bullying must be recognised, named and addressed.

4. AIMS

This policy aims to:

- Ensure the rights of all students and staff at St Mary's to experience a school environment free from the fear of bullying, harassment, intimidation and victimisation.
- Promote a proactive attitude to, and clear understanding of, whole-school processes in order to prevent, reduce and respond to bullying behaviour (inclusive of cyber-bullying).
- Establish a clear and consistent approach to the management of school record keeping processes in relation to the case management of bullying issues (inclusive of cyber bullying).

At St. Mary's we are committed to promoting a safe environment where all community members may grow and develop. With this in mind, bullying behaviour is in conflict with the core values and purpose of our school.

As a school, we respond to all reports of alleged bullying following the school's Bullying Policies and Procedures.

This process may take up to a week to complete depending on the nature of the alleged bullying and will follow the structure outlined in the following flowchart.
